

BROADCAST TOOLS INC PRICE LIST AS OF MARCH 15, 2016

| Part Number | Description | Options | List Price |
|-------------------------------|--|--------------------------|-------------------|
| 2x6 DA Plus | 2x3 Stereo or 1x6 Mono Distribution Amplifier | MDT-L RA-1 | \$ 219.00 |
| 2x10 DA | Configurable 2x5 Stereo or 1x10 Mono Distribution Amplifier | RA-1 | \$ 259.00 |
| 16x1 | 16x1 Passive stereo audio switcher/router. 16 remote control inputs, 17 status OC's. Front panel, RS-232 & GPIO control. 1-RU | | \$ 769.00 |
| AC Power Sentinel 2 | Self-contained remote AC power controller with two switchable electrical outlets and a built-in web server. Universal AC input | ACPS2 Rack | \$ 319.00 |
| AC Power Sentinel 2 Plus | Self-contained remote AC power controller with two switchable electrical outlets and a built-in web server; temp probe, remote contact control and scheduling. Universal AC input | ACPS2 Rack | \$ 409.00 |
| ACPS2 Rack | Rack Mount for AC Power Sentinel 2 and Plus | | \$ 42.00 |
| ACPS2 TempProbe | Optional Temp Sensor for AC Power Sentinel 2 Plus ONLY. | | \$ 32.00 |
| ACPS2 HT | Optional Humidity/Temp Sensor for AC Power Sentinel 2 Plus ONLY. With wall enclosure | | \$ 179.00 |
| ACS 8.2 Plus | 8x2 Stereo audio matrix switcher—VU meters, headphone output, fade (output one only), 16 GPI's, 8 OC's, 8 relays & 2 silence sensors. Front panel, RS-232 & GPIO control. 1-RU | | \$ 999.00 |
| ACS 4.1 | 4x1 Stereo audio matrix switcher—8 GPI's, 4 status OC's, and silence sense. Front panel, RS-232 & GPIO control. | RA-1 | \$ 409.00 |
| ACS 16.2 | 16x2 Stereo audio matrix switcher—VU meters, headphone output, 2 input fade, 16 GPI's, 16 OC's, 8 relays & 2 silence sensors. Front panel, RS-232 & GPIO control. 1-RU | | \$ 1,199.00 |
| ADC-1 Plus | Stereo analog to AES digital converter, 44.1kHz, 48kHz, 24 bit. | RA-1 | \$ 429.00 |
| ADCS III | Stereo analog to AES digital converter with AES program switcher. Can be used for EAS insertion. | RA-1 | \$ 439.00 |
| ADMS 44.22 | AES and analog stereo matrix switcher with 4 analog and 4 AES inputs, and two independent stereo analog and AES outputs. VU meters, headphone output, fading, 16 GPI's, 9 OC's, 4 relays. Front panel, RS-232 & GPIO control. 1-RU | | \$ 1,429.00 |
| *AES DA 2x6 | Six Output AES/EBU Distribution System | RA-1 | \$ 349.00 |
| AES Switcher Sentinel 4>>Web | Web-enabled 4x1 AES audio switcher. AES output activity sense, email alarms, logging and TCP remote control. | RA-1 | \$ 319.00 |
| AHR-1 Plus | Standalone active headphone amplifier/remote 1/4" and 3.5mm headphone outputs. | MP-S MP-S-XLR | \$ 179.00 |
| Audio Sentinel Plus>>Web | Web-enabled two channel stereo silence monitor with integrated 2x1 switcher, email alarms and logging. | RA-1 | \$ 349.00 |
| Audio Sentinel Plus Streaming | Web-enabled two channel stereo silence monitor with integrated 2x1 switcher, email alarm, logging and MP3 streaming | RA-1 | \$ 429.00 |
| COA-9 XDS/MAX | Connect-O-Adapter 9—DB-9 to terminal block adapter | | \$ 32.00 |
| COA-15 MAX | Connect-O-Adapter 15—DB-15F to terminal block adapter for: ABC XDS, WW1 IDC MAX, StarGuide II/III, IDC SFX. | | \$ 36.00 |
| *COA-37 XDS/RJ | Connect-O-Adapter 37—DB-37F to RJ 45: ABC XDS, StarGuide II/III, WW1 IDC MAX. Interfaces with GPI-16 Plus/RJ. | | \$ 69.00 |
| COA-37 XDS/Serial | Connect-O-Adapter 37—DB-37F to terminal block adapter with RS-232 DB-9 output for: ABC XDS, StarGuide II/III, WW1 IDC MAX | | \$ 69.00 |
| COP-2 | Connect-O-Pad 2. DB-9F to terminal block adapter with audio output level adjustments for XDS, WW1 MAX, NON-Option B SFX, StarGuide II and Starguide III Satellite receivers. | | \$ 36.00 |
| *COP-2/RJ | Connect-O-Pad 2 with RJ. DB-9F to StudioHub+ Compatible RJ45 jack adapter with analog audio level adjustments. For XDS, WW1, MAX, NON-Option B SFX and StarGuide Satellite receivers | | \$ 36.00 |
| COP-3 | Connect-O-Pad 3. DB-9F to terminal block adapter with audio output level adjustments for Option B SFX Satellite receivers used by NPR/PRSS. | | \$ 36.00 |
| DAC-1 | Pro quality 24-bit stereo digital-to-analog audio converter | RA-1 | \$ 429.00 |
| DMS III | AES digital audio error/silence monitor with integrated 2x1 AES switcher plus headphone and balanced stereo audio outputs (input one only), sono-alert, remote control inputs, contact closure alarm outputs. | RA-1 | \$ 539.00 |
| DTD-16 Plus | DTMF tone/sequence decoder with 8 relays, 8 OC's and USB COM port. | RA-1 | \$ 259.00 |
| DTE-16 Plus | DTMF tone/sequence encoder with 16 contact closure inputs and USB COM port. | RA-1 | \$ 259.00 |
| GPI-16 Plus | 16 GPI inputs to Serial/USB port. 5-24 VDC tolerant GPI's | RA-1 | \$ 209.00 |
| *GPI-16 Plus/RJ | 16 GPI inputs to Serial/USB port with RJ45 connections to directly interface with COA-37 XDS/RJ. 5-24 VDC tolerant GPI's | COA-37 XDS/RJ RA-1 | \$ 209.00 |
| GPIO-32+2 | GPI—with 32 general purpose logic inputs to Serial/USB port | RA-1 | \$ 259.00 |
| HPA-2 Plus | Standalone headphone amplifier with two analog stereo inputs selected by front panel switch. 1/4" and 3.5mm headphone outputs. | MP-S MP-S-XLR | \$ 169.00 |
| HR-1 | Passive headphone level control with momentary push button (cough, etc.) and mic-ON LED. 3.5mm headphone output. | MP-S MP-S-XLR | \$ 109.00 |
| I/O Sentinel 4 | Web-based, 4 opto-isolated input/4 relay remote control device with email alarms, and logging. | RA-1 | \$ 219.00 |
| IP-9 | Converts Intraplex MA-404 Modular Adapter to Male DB-9. | Sold as Pair | \$ 42.00 |
| LR-5 | 5 pole mechanical latching relay with on/off inputs. | | \$ 69.00 |
| LR-5 Plus | 5 pole mechanical latching relay w/logic functions. | | \$ 99.00 |
| Mix-4 | Four Channel Utility Audio Mixer | RA-1 | \$ 319.00 |
| Mixer Buddy | Four channels of mic control and monitor muting. Allows "live music" audio mixers to be used for broadcast. | | \$ 179.00 |
| *MP-S | Mounting Panel Small—Turret | | \$ 29.00 |
| *MP-S-XLR | Mounting Panel Small with XLR--Turret | | \$ 29.00 |
| *MDT-L | Mount for Desktop Large | | \$ 29.00 |

| | | | |
|----------------------------|--|--------------------|-------------|
| NTP Server Sentinel | <i>GPS-referenced NTP time server with timecode, 1PPS and contact closure outputs. GPS receiver included</i> | RA-1 | \$ 429.00 |
| RA-1 | <i>1 RU, Rack Mount Shelf, FlexPanel Filler Panel included</i> | | \$ 65.00 |
| Relay Sentinel 16 | <i>Web-based remote control of equipment with 16-SS relays, email alarms, and logging.</i> | RA-1 | \$ 219.00 |
| Schedule Sentinel | <i>Web-Enabled serial event scheduler with two DB-9 serial ports.</i> | RA-1 | \$ 319.00 |
| Silence Sentinel Basic | <i>Stereo or dual mono silence sensor (loss of audio detector). Contact closure alarm outputs. No input audio switching.</i> | RA-1 | \$ 179.00 |
| *Silence Sentinel Standard | <i>Analog stereo silence monitor with integrated 2x1 switcher, remote control inputs, contact closure alarm outputs.</i> | RA-1 | \$ 349.00 |
| Site Sentinel 4 | <i>Remote site monitoring and control over the internet. Four channels with email alarms, logging, and an event scheduler.</i> | TempSensor RA-1 | \$ 439.00 |
| Site Sentinel 16 | <i>Remote site monitoring and control over the internet. 16 channels with email alarms, logging, event scheduling and macros. Includes one TempSensor: 1-RU</i> | TempSensor | \$ 1,179.00 |
| Smart Relay 4 | <i>4 independent DPDT relays and 8 optically isolated 5 to 24vdc wet or dry inputs</i> | RM-3 | \$ 219.00 |
| SRC-4 | <i>RS-232 GPIO interface with 4 opto-isolated GPI's and 4 SPDT relay outputs.</i> | RA-1 | \$ 219.00 |
| SRC-16 Plus | <i>RS-232/422/485 GPIO interface with 16 opto-isolated GPI's and 16 SPDT relay outputs—Expandable to 64x64.</i> | RA-1 | \$ 479.00 |
| SS 2.1 MLR/BNC | <i>2x1 Passive switcher/router with mechanical latching relays and BNC connectors. Front panel, RS-232 & GPIO control</i> | RA-1 | \$ 259.00 |
| SS 2.1 MLR/TERM | <i>2x1 Passive switcher/router w/mechanical latching relays, silence sense & terminal block connectors. Front panel, RS-232 & GPIO control.</i> | RA-1 | \$ 259.00 |
| SS 4.1 MLR | <i>4x1 Passive stereo audio switcher/router with mechanical latching relays and silence sense. Front panel, RS-232 & GPIO control.</i> | RA-1 | \$ 349.00 |
| SS 4.4 | <i>4x4 Stereo audio matrix switcher, 16 GPI's, 4 OC's, 4 relays, and silence sense. Front panel, RS-232 & GPIO control. 1-RU</i> | | \$ 569.00 |
| SS 8.1 MLR/TERM | <i>Eight input, single output switcher/router with mechanical latching relays</i> | RA-1 | \$ 539.00 |
| SS 16.4 | <i>16x4 Stereo matrix audio switcher. With 24 GPI's, 16 OC's, 8 Relays, 4 silence sensors (serial), 2 RU. Front panel, RS-232 & GPIO control.</i> | | \$ 1,429.00 |
| *STA III Plus | <i>Smart Telephone auto coupler</i> | RA-1 | \$ 359.00 |
| Status Sentinel 16 | <i>Web-based data acquisition device with 16 GPIs, with email alarms and logging.</i> | RA-1 | \$ 219.00 |
| Switcher Sentinel 3>>Web | <i>3 input stereo passive switcher/router with local and web monitoring and control.</i> | RA-1 | \$ 319.00 |
| TempSensor | <i>Optional Temperature Sensor for WVRC-4, WVRC-8, VAD-2+, TempSentinel, Site Sentinel 4 and Site Sentinel 16.</i> | | \$ 69.00 |
| Temp Sentinel | <i>Four Input Ethernet based temperature monitor with web access with email alarms and logging. One TempSensor included.</i> | TempSensor RA-1 | \$ 259.00 |
| Time Sync Plus | <i>GPS-referenced time controlled relay with 1PPS, and serial time and date information. GPS receiver included.</i> | | \$ 429.00 |
| Transformer 120V | <i>120 V UL/CSA Approved Transformer</i> | | CALL |
| Transformer 220V | <i>220/230 V Transformer, Int'l/CE UL/CSA Approved</i> | | CALL |
| Transformer UNV | <i>Universal Input Switching Power Supply 12 vdc @ 1A, IEC Input Connector, 2.1 mm Output Connector, Int'l/CE Approved</i> | | CALL |
| TT-1 Plus | <i>Telephone line powered hybrid/tap</i> | MDT-L | \$ 169.00 |
| VAD-4 | <i>Voice alarm dialer with four status inputs, four relays, silence sense input, two temperature sensor inputs and power failure input.</i> | RA-1 TempSensor | \$ 429.00 |
| WVRC-4 Plus | <i>Four channel web and voice remote control. One TempSensor included.</i> | RA-1 | \$ 689.00 |
| WVRC-8 Plus | <i>Next generation web-enabled site remote control w/dial-up voice capability. 8 channels with email alarms, logging, event scheduling and macros. Smart phone enabled. One TempSensor included.1-RU</i> | | \$ 1,429.00 |
| WVRC-4 Upgrade to Plus | <i>Firmware Upgrade kit for WVRC-4 to WVRC-4 Plus User Installed</i> | | \$ 99.00 |
| WVRC-8 Upgrade to Plus | <i>Firmware Upgrade kit for WVRC-8 to WVRC-8 Plus User Installed</i> | | \$ 99.00 |
| WVRC-4 Upgrade to Plus F | <i>Factory Upgrade Service for WVRC-4 to WVRC-4 Plus</i> | | \$ 149.00 |
| WVRC-8 Upgrade to Plus F | <i>Factory Upgrade Service for WVRC-8 to WVRC-8 Plus</i> | | \$ 149.00 |
